THE republicans will pass a bill in the House on Thursday to raise revenue for the country by raising the tariff on several things. This is the proper caper and the republicans propose to act at once upon President Cleveland's message on finance. The republican party is full of action and Grover can get such at any time.

THAT LETTER.

The Epistle that Passed Between the Ministers of the City.

On Friday last Elder A. H. Morris, of the Christian church received a letter signed by the pastors of three other city churches. We present herewith a copy of the original letter, all the parties concerned in the same having agreed to its publication. The BANNER TIMES prints the epistle as a matter of news. It is as follows:

GREENCASTLE, Ind.

REV. A. H. MORRIS,
Pastor Christian Church:

Dear Brother: We the pastors of the city feel much grieved at the unchristian attacks and criticisms upon our churches and denominations by your evangelist, Mr. Boyer. You and your people have here-to-for pretended to be friends to the other denomination. You have not hesitated to ask members of our churches time and time again to assist you in erecting your church.

Our people have responded gladly and liberally to help you as a sister church. Your people have met with our people in union services, leading us to believe that you recognize us as what we claim to be, christian people on an equality with you.

But now you bring Mr. Boyer to your church, and evening after evening permit him from your pulpit to criticize our churches; to endeavor to influence people against us; to give forth an impression that heaven is a place for your church alone; to go personally to young members of our churches, and taking advantage of their youth, endeavored to persuade them that they were not baptized, and only through your church could salvation be had.

Now the main foundation of all christian fellowship is a recognition of equality.

We therefore respectfully and in the name of our common Master, ask you whether you and your people endorse the statements of Mr. Boyer from your pulpit.

Also tell us plainly whether you and your people hold and teach that yours is the only Biblical church, and that Methodists and Presbyterians and Episcopalians are wrong.

Also please tell us plainly if Mr. Boyer is right in stating that it is the belief of your church that immersion is essential to salvation.

We await your IMMEDIATE REPLY to this communication. Address either of us.

W. K. WEAVER,
Pastor Pres. church.
J. H. HOLLINGSWORTH,
Pastor Col. Ave. M. E. church.
LEWIS D. MOORE,
Pastor Locust St. M. E. church.

The date set was today. Yesterday the two associations filed injunction suits against Mr. Broadstreet in circuit court to enjoin the assessment of such taxes.

WASHINGTON LETTER

THE LATEST POLITICAL GOSSIP FROM THE CAPITAL.

Interesting Doings of Public Men, and a Dish of Spice Here and There as Seen By Our Special Correspondent—Notes, Incidents, Etc.

WASHINGTON, Dec. 23, 1895.

Mr. Cleveland, like many other smart men, did not know when to let well enough alone. He made the hit of his life when he sent that message in favor of the Monroe doctrine to congress. But he mistook the applause for the sentiments in the message for applause for himself and his egotism thought that because congress promptly adopted his recommendation for the appointment of a commission to ascertain the real boundary between British Guiana and Venezuela that it was ready to anything else he wanted done. So he joined the British who were trying to punish the United States for daring to stand up for the Monroe doctrine by forcing us into a financial panic, and sent a special message to congress urging immediate financial legislation and asking that no Christmas recess be taken until some such legislation as requiring the greenbacks or authorizing an issue of gold bonds should have been put through.

In saying that it was Mr. Cleveland's egotism that caused him to write that financial message it is putting a very charitable construction upon his act. Others do not hesitate to say that he did it because he was rattled by the British attacks upon our finances and by a call which was issued by the New York Chamber of Commerce for a meeting to condemn the Monroe doctrine message. He is said to have sent a member of the cabinet to New York to prevent that meeting and his messenger is reported to have made a deal whereby the meeting was declared off and Mr. Cleveland's hysterical message was sent to congress.

So far as congress and the American people are concerned, the message will do neither good or harm—congress will provide for the deficit with tariff legislation—but it will unquestionably do much harm to our interests in England. It will cause the British to think that Mr. Cleveland has become frightened and already regrets his belligerent message; and it will also encourage them to keep up their scheming to throw us into a financial panic. No possible good can be accomplished by congress remaining in session during Christmas week, because even if the House had already passed the measure which will be reported from the Ways and Means committee, the senate would not be prepared to act on it until its reorganization has been accomplished. The silver men in the Senate, who have an unquestioned majority, say nothing can pass that doesn't provide in some way for a more extended use of silver.

Speaker Reed's committee assignments contain some personal disappointments, but that was under the circumstances unavoidable; there were more leading republicans than there were leading democrats. But it is creditable to those who were disappointed that they have accepted the situation philosophically. Representative Payne, of New York, merely keeps his old place on the Ways and Means committee, the chairmanship going to Representative Dingley, of Maine, but Mr. Payne is given in addition the chairmanship of the committee on Merchant Marine and Fisheries, which is an unusual honor, as members of the Ways and Means committee are seldom given chairmanships. Cannon, of Illinois, got the chairmanship of the committee on Appropriations, but Henderson, of Iowa, his rival for that honor, got a much coveted place on the committee on Rules, as did Halzell, of Pennsylvania, who was at one time thought to be in line for the head of the Ways and Means committee. Walker, of Massachusetts, got the Banking and Currency chairmanship, and Hitt, of Illinois, that of Foreign Affairs, as it had been understood all along they would, but there were lots of surprises among the minor chairmanships.

Admiral Meade, U. S. N., in a lecture on "The Caribbean Sea" took occasion to say he considered the superiority of the individual vessels of our navy an offset for the excess of vessels in the British Navy which was sufficient to prevent any fear on our part of a contest. He also said: "I am no prophet nor son of a prophet, but I predict here tonight that should war between the United States and Great Britain come, the first shot fired in anger will sound the death knell of the British Empire."

Senator Mitchell, of Oregon, in introducing a bill for the restoration of the duty on wool, took occasion to notify the Senate that he would offer the bill as an amendment to any tariff bill that might be reported from the Finance committee. But the general belief is that Senator Mitchell will not be put to that trouble, because any bill amending the tariff that is reported is likely to provide for a duty on wool.

Republicans have claimed ever since the result of the election was known that the election of a republican successor to Senator Blackburn by the Kentucky legislature was a certainty, and now Kentucky democrats openly admit the claim and acknowledge that they have no show, even with the votes of the two populists.

"Visions."

Mr. Boyer selected as his text last night Acts xxvi, 19. "I was not disobedient to the heavenly vision." The thought of the sermon is that there is first in the mind the idea, the dream, the vision, and then the real comes into existence. Illustrations were drawn from history, poetry, art, and the Bible. Franklin, Columbus, Napoleon, Livingston, and others were cited as having had wonderful visions. Paul was obedient to the heavenly vision and became a Christian, an apostle, and the world's greatest champion of the religion of the Lord Jesus. A full house listened to this excellent sermon and at the close there were two additions. Subject tonight "Man the Arbitrator of his own Destiny." Baptisms at the close of the service.

Tomorrow night a special service will be held appropriate to Christmas, subject, "The Group about the Babe of Bethlehem." Mr. Brower will sing a solo "The Birthday of the King." No one will be admitted to this service without a ticket. These will be given away to the audience tonight and persons not present tonight can call at Hopwood's book store and get as many as they want. They are for gratuitous distribution. If for any reason you fail to get a ticket tonight or tomorrow you will be supplied with one at the church door tomorrow night before you enter.

The French say "it is impossible that happens." This has proved to be the case with the Mount Lebanon Shakers. The whole scientific world has been laboring to cure dyspepsia, but every effort seemed to meet with defeat.

The suffering from stomach troubles has become almost universal. Multitudes have no desire for food and that which they do eat causes them pain and distress. Sleepless nights are the rule and not the exception, and thousands of sufferers have become discouraged.

The Shakers of Mount Lebanon recently came to the front with their new Digestive Cordial, which contains not only a food already digested, but is a digester of food.

It promptly relieves nearly all forms of indigestion. Ask your druggist for one of their books.

Laxol, the new Castor Oil, is being used in hospitals. It is sweet as honey.

Who Should Advertise?

Who should advertise, is a question that has been propounded and answered in different ways.

One answer, every one who has anything to sell, whether it is produce of hand, brain or machine, and in cases where those who wish to buy, or secure or exchange anything that they cannot obtain conveniently; they should advertise.

Advertising should be treated precisely as any other investments, and in nine times out of ten it pays a better profit than anything else for which money is spent.

The best evidence that advertising pays is the fact that millions of dollars are invested in it by all sorts and kinds of trade and by the most successful business men in the land. Of course it pays.

No sensible man can believe that successful business houses advertise and become extensive advertisers for the fun of the thing. With them it is business just the same as buying stock or selling produce.

There are certain principles of trade that men ought not to ignore, and among them the principal one is regular legitimate and persistent advertising.

What, if Not Miracles?

The great Four-C Remedy is doing work wherever introduced as nearly miraculous as it ever falls to the lot of any human agency to do (we will esteem it a favor for any one interested to write the persons whose names appear below or any one whose name may appear among these testimonials.)

There is actually more FORCE and "GETTHER" properties in a bottle of Four-C than in a gallon of ordinary cough medicine.

"In compounding it I have followed in no 'ruts' or used the prescription of no Dr. So-and-So of Amsterdam or London, or any other place. I owe its composition to NO ONE IN NO SINGLE PARTICULAR. Neither is it made of herbs and roots dug in the dark of the moon in the jungles of Africa or South America."

The demand for the COUGH, COLD and CROUP CURE, and its WONDERFUL SUCCESS, has been ELECTRICAL. Nothing in the whole history of cough and cold medicines can compare with it.

No disease of the lungs seems able to resist its curative properties, as is well proven by the numerous cases of La Grippe Cured, Croup Cured, Tonsillitis Cured, Phenomena Cured, Bronchitis Cured, Consumptives greatest help if not cure, Dry, Hacking, Harsh Coughs of weeks' and months' standing cured with from one to three doses.

Our aim is to convince the public of my sincerity and of the true merits of this remedy.

TESTIMONY OF THE TRAVELING AGENT

MR. R. R. PHILIPS. Your Four-C Remedy is certainly a REMARKABLE MEDICINE. TOO MUCH CANNOT BE SAID IN ITS FAVOR. My daughter suffered from an attack of LA GRIPPE that finally resulted in Tonsillitis, with ulceration of the throat. LESS THAN ONE BOTTLE EFFECTED A COMPLETE CURE.

SEVEN YEARS' COUGH CURED.

Mrs. Fuller, of 6322 Sheridan Ave., Chicago, aged 87 years, has this to say: "I have been troubled with a cough for the last seven years, destroying my rest by night and day. One bottle Phelps' Cough, Cold and Croup Cure cured me. I most gratefully recommend it to my friends."

Yours, etc.,
C. J. NISBITT, Editor.

READ THIS WONDERFUL TESTIMONIAL FROM AN EDITOR.

OFFICE KINGFISHER TIMES, Kingfisher, Okla., Dec. 12, 1893.

GENTLEMEN:—I believe it my duty to write you a line in regard to the beneficial effects of your "Four-C Remedy," so far as I am personally concerned. A week ago last Thursday I was taken with a very severe attack of La Grippe, and in a short time became so hoarse I could not speak above a whisper. I was confined to my bed the greater part of several days. The night previous I had coughed nearly the entire night, just before retiring I took a teaspoonful, and slept the entire night as sweetly as ever I did in my life, not coughing once. I was entirely relieved before taking one bottle. Phelps' Cough, Cold and Croup Cure should be in every household in the land. I send you this wholly unolicited by any one, for you are benefactors of the race in giving it the antidote for some of the worst afflictions to which it is heir.

Yours very truly,
C. J. NISBITT, Editor.

WE ENJOY UNBROKEN REST AT NIGHTS.

CHICAGO, November 22, 1893.

R. R. PHILIPS, Esq.

DEAR SIR:—As a rule I have been skeptical of the merits of proprietary medicines, but have to confess that a test of your Four "C" is convincing that at least one remedy made by you is worthy of general use. My children all take it without the least objection, and it is particularly noticeable that benefit is almost immediate. A single dose will check most coughs in the beginning. We now enjoy unbroken rest at night. In my family Four "C" is simply indispensable, and I recommend it unqualifiedly.

Yours, etc.,
J. B. HULING, 136 South Clark Street.

ONE OF CHICAGO'S SOCIETY LADIES SAYS:

CHICAGO, September 25th, 1894.

For years back each winter I have suffered with acute Laryngitis. Last winter was so bad I could not leave my room for two weeks or speak above a whisper. I tried every known cough preparation from cough drops up and down with no relief, then in desperation I was induced to try Phelps' Four "C." The first dose relieved my cough, giving me the first night's rest for weeks. Half the bottle cured me. I have never been without this wonderful remedy since. It is as different from other like remedies as molasses from vinegar or sugar from sand.

Four "C" is our leading remedy for La Grippe, Coughs, Colds, etc., and when purchased from us we will gladly refund money if it does not give satisfaction.

Last Sunday I was attacked with la-grippe in an aggravated form. By night I suffered greatly with pains in my head; all my bones ached; my eyes became inflamed; in fact was all "broke up." I commenced taking Four-C; took two large doses before retiring; next day felt comparatively well except some soreness. I give your Four-C remedy full credit. For La Grippe it is a success.
